**Correction**

In the ACADEMIC HIGHLIGHTS section “Residual Symptoms in Major Depressive Disorder: Prevalence, Effects, and Management” by John Zajecka, MD, and colleagues in the April 2013 issue (*J Clin Psychiatry* 2013;74[4]:407–414), Lundbeck should have been listed as a joint supporter. The corrected statement on page 407 (lower left column) is as follows:

- Financial support for preparation and dissemination of this ACADEMIC HIGHLIGHTS was provided by Takeda Pharmaceuticals U.S.A., Inc., and Lundbeck.

The online version is correct.
